

Ritchey WCS Apex 38 Disc Tubeless Wheels

Ritchey WCS Apex 38 Disc Tubeless Wheels bei Just Bikes

The WCS Apex 38 Tubeless Disc is fast in the wind yet light enough for big mountain days. The tubeless design is perfect for low tire pressure cyclocross racing in the wet slop or everyday road riding. The disc brake compatibility means this already versatile wheelset is ready for any kind of riding you throw at it. Superlight forged two-piece WCS disc hubs with offset flanges deliver increased spoke bracing angle for strength and
