

Ritchey WCS ErgoMax Lenker

Ritchey Lenker WCS ErgoMax

The evolution of Ritchey handlebars continues with the WCS ErgoMax. This new bar enjoys a rich history of handlebar design and development, and combines it with the modern demands of discerning riders who enjoy riding varying surfaces. Designed to enhance control and comfort when riding along loose surfaces, the ErgoMax is ideal for a gravel bike since it places the hands in a wider, more stable position while in the drops. The
