Ritchey Break-Away Outback Rahmen Swell & Foam

Ritchey Break-Away Outback Swell & Foam 2024

Tom Ritchey rides about 10,000 miles per year, and he loves those long boundless rides where the surface changes from gravel to tarmac and everything in between. Combine that with his more than 40 years of designing and building bicycles, and it's no wonder the Outback has become an icon in the gritty world of gravel and adventure bikes. Tom also loves to travel. Inspired by an inherent passion for experiencing different cultures
